HOW TO READ IT

★ TOP PICK — The one I recommend for your room.

BUDGET — Cheaper, still good.

PREMIUM — Costs more, a real step up.

64 products from 6 stores: Daraz, TechMatched, RB Tech & Games, Habitt, Master and Diamond Foam. Every blue button is a clickable link. Ratings and "sold" counts are from Daraz.

00 The plan

Your picture already has the hard part: the blue cove ceiling, the fluted LED wall and the black marble floor. Now we fill it in three zones, in one colour story.

A · Battle station. Desk against the fluted LED wall. PC, monitor on an arm, light bar, LED strip under the desk, neon name sign above.

B · Sleep & display. Bed on the back wall, cube shelves above it with fairy lights, figures and a hanging plant. Pegboard with keyboard and headset on the free wall.

C · Chill corner. The empty floor by the entrance: giant navy bean bag on a fur rug, corner lamp, sunset lamp.

COLOUR STORY

- **Midnight black** — furniture, desk, chair
- **Navy** — bean bag, curtains, bedding
- **Electric blue** — all RGB set to this
- **Ice cyan** — highlights & accents
- **Warm amber** — only on the shelf, for coziness

BUY IN THIS ORDER

1. **Bed + mattress.** Habitt takes 15–25 working days, so order these first.
2. **Desk + chair.** You need somewhere to put everything else.
3. **PC, monitor, keyboard, mouse, headset.**
4. **Shelves + pegboard.** Drill once, then style.
5. **Lights + decor.** Ideally on Daraz 11.11 (11 November).
6. **Bean bag + rug + curtains.** The finishing touch.

01 Gaming PC

RAM is unusually expensive in Pakistan right now (a 32GB DDR5 kit alone costs about Rs 155,000). A ready-built PC with 16GB is the smart move: add more RAM later when prices drop. All three are assembled by TechMatched.

16 Buying tips

Read this before you spend anything. It will save you money and hassle.

01 Wait 10 days for 11.11

Daraz's biggest sale of the year usually runs on 11 November. Add the Daraz items to your cart now and check prices again on the 11th. Vouchers and flash deals often cut another 10–30%.

02 Order the slow stuff first

Habitt beds take 15–25 working days and need 100% advance payment (they call you to confirm). Order the bed and mattress first, then the desk and chair, then the PC and peripherals, and finish with lights and decor.

03 Buying safely on Daraz

Prefer listings with many reviews and sales. Use Daraz chat to confirm the colour (black/navy) and size before you order. Record a video while unboxing in case you need a return, and check each item's return policy on its page.

04 When you collect the PC

Ask TechMatched to install Windows and drivers, turn on EXPO in the BIOS (so your RAM runs at its full 5600MHz), and set the case and cooler RGB to blue. Keep the boxes for warranty. The GPU brand may vary (Zotac/Gigabyte/PNY).

05 Measure before you order

The top-pick desk is 48" (4 ft) wide, which is perfect for a 27" monitor. For the 34" ultrawide, ask for a 55–60" custom desk. Bed and mattress are 78 × 42". Check that your door and stairs fit them.

06 Protect the PC from power cuts

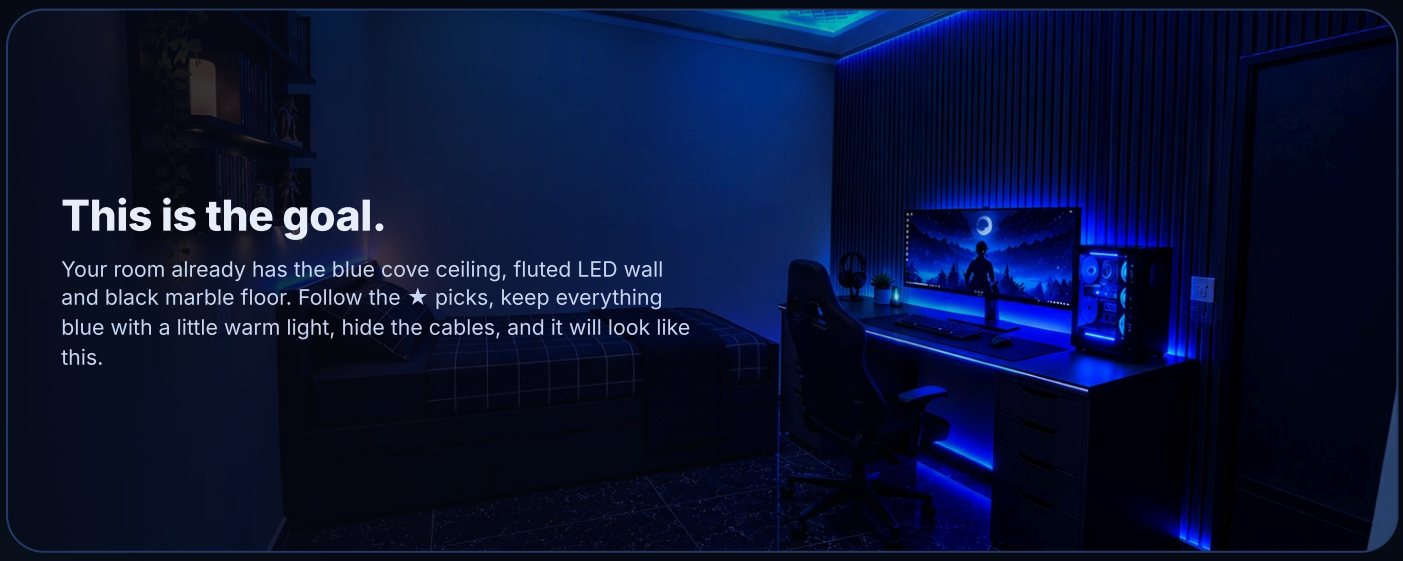

Run the PC and monitor through your home UPS/inverter, not straight off the mains: load-shedding and voltage spikes damage power supplies. Plug the LEDs and lamps into the extension board so they all switch off together.

07 Copy the 'expensive' look

1) One colour: set keyboard, mouse, PC fans, LED strip and corner lamp to the same blue. 2) Warm light only on the shelf (fairy lights + crystal lamp), like in your picture. 3) Hide every cable with the tray and velcro ties. 4) Keep the desk nearly empty: only keyboard, mouse, a plant and the headset stand.

08 Prices change

Every price here was checked on 1 November 2026 directly from the store websites. Daraz prices and stock change daily, so open the link to see today's price. If a listing disappears, search the same product name on Daraz.

This is the goal.

Your room already has the blue cove ceiling, fluted LED wall and black marble floor. Follow the ★ picks, keep everything blue with a little warm light, hide the cables, and it will look like this.
